Relevant Experience

CiraConnect — Communications Manager | Plano, TX

Nov 2021 to June 2025

Led internal communications, change communications, training rollout, and user adoption initiatives supporting enterprise technology transitions and employee enablement.

- Partnered with Product, IT, HR, SMEs, and leadership to align rollout messaging, communication timing, training needs, and approval workflows.
- Developed multi-channel communications, including newsletters, announcements, FAQs, guides, release notes, training content, product highlights, and post-launch updates.
- Translated complex product, workflow, and operational changes into clear messaging for internal users, support teams, community managers, clients, and leadership.
- Built audience-specific messaging, templates, and centralized intranet/help-center resources to improve visibility, consistency, and user readiness.
- Used dashboards, surveys, email data, and support feedback to refine communications, reduce friction, increase adoption by 28%, and lower support requests by 22%.

Notable Project: Enterprise Software Adoption & Enablement

Led communications and adoption support for CiraNet v1 → v2 and Google Workspace → Microsoft 365 transitions, helping users understand changes, prepare for new workflows, and adopt updated systems with minimal disruption.

Aya & Sura, LLC — Content & Product Manager | Denton, TX

Aug 2021 – Present

Led content strategy, product communication, and digital learning development for an education brand.

- Managed content across web, product pages, app, and digital communication channels.
- Coordinated contributors, vendors, illustrators, developers, and language SMEs to keep projects organized and aligned with user needs.
- Created engagement-focused content designed for education and support learner motivation.
- Used AI tools to accelerate content planning, product docs, workflow optimization, and QA.

Notable Project: RPG Flashcard iOS App Development

Leading development of an iOS learning app focused on shared progress, habit-building, social learning, and community motivation. Built project plans, task checklists, AI-assisted workflows, and QA processes while coordinating language SMEs and creative assets.

MManga — Founder & Community Growth Lead | Remote

May 2009 – Present

Built and scaled a digital content platform focused on storytelling, engagement, and growth.

- Led content and communications strategy, growing audiences to 44K+ across platforms.
- Crafted newsletters, campaigns and content to support engagement, retention, and revenue.
- Built contributor workflows, publishing standards, and communication for distributed teams.
- Developed storytelling-driven content and programs supporting long-term audience growth.
- Developed storytelling-driven content and programs supporting long-term audience growth.

Notable Accomplishment: NHK National TV Feature

Contributed to a nationally aired NHK segment highlighting cross-cultural storytelling and community impact.
